#### A Note from the Conference Organizers

*Thank you so much for attending this conference. We are thrilled you are here! Upon facilitating last year's Photovoice Workshop for Academic Researchers, we realized the need for a space where those engaged in photovoice could come together to share ideas, experiences, processes, and possibilities. The positive response to this inaugural conference has been invigorating and affirming. We are so pleased to welcome so many outstanding presenters and attendees. Enjoy!*

Warmly,  
Dr. Amanda O. Latz, Rosalinda Ortiz, and Faith Renken
